

# Public Meeting - 4th March 2023 - Village Hall

The Public Meeting went well, not a great attendance level but better than the last meeting, 37 local residents came along and gave valuable input, asked questions, gave views and constructive comments.

Residents were asked to put down their street address in order to evidence which part of the village they lived in and the results showed a good variation from around the village.

Eastwood End  
Hook Road  
Doddington Road  
Waggoners Way  
Meadow Way  
March Road  
Blue Lane  
Lily Avenue  
St Peter's Drive  
Northwichford Lodge  
Fenland Close  
Addison Road  
Frogs Abbey  
Morton Way  
Willow Gardens  
Morley Way  
Ray Court  
Dobson Walk  
Boots Bridge. - Stonea  
Lilly Cottage

A number of comments, views and concerns were raised regarding development, community spirit, infrastructure and flora/fauna.

## Development:

Walkways between new developments

Do new developments require garages? Why not car ports?

A list of designated 'Green Spaces' and 'Open Spaces' - no build areas

## Community Spirit:

Walkways would promote interaction with estates

Litter picking volunteers and inclusion of school children

A Children's Club

A skate ramp

## Infrastructure:

Drainage/piping in ditches/ soak aways and balancing/retention/attenuation ponds

Better, faster broadband especially for those working from home.

## Flora and Fauna:

Maintenance of hedgerows and trees

Removal of established hedgerows and trees, especially the red hawthorns

Dangerous holes in the Byways and Highways

Other comments:

Noise levels of HGV's and heavy vehicle movement overnight

Vibrations from heavy vehicles, causing damage to roads, infrastructures and homes

Installing a 'no entrance for overweight vehicles' through the main village

Installation of Average Speed cameras from Mill Hill roundabout to Doddington
